

### ARROWHEAD COUNTY PARK, NEOLA, IA

Tammy, Mary & I decided to do a bit of fishing at one of our favorite lakes ~ Arrowhead near Neola, Ia. It's only about a 20 minute drive and is one of the best maintained parks in Iowa in my opinion.

The lake is surrounded by gentle bluffs and nearby farms and with the many geese that reside at Arrowhead, makes a beautiful setting for relaxation and the fishing isn't bad either!

While we were there on this little outing, a young boy down the line from us pulled in a huge Bass that was 21 inches long. We were happy to see him return it to the lake, after the thrill of landing it. More fun for someone else at a later time, and certainly was OK with the Bass I'll bet!

Near this 'jetty' where we fished they have built a little gazebo that we enjoy using. It is furnished with table and chairs and is completely screened-in.

When we arrived it was raining so we enjoyed some lunch under the protection of the gazebo, then went to 'work' catching some very nice Bluegills and a medium size Catfish along with a couple Striped Bass. They all made some great little fillets for deep frying later on.

Joe Martinez, the proud fisherman! We were happy to see Joe return the 21 inch Bass to the water.
